

MALAYSIA STATISTICAL BUSINESS REGISTER (MSBR)

What is MSBR?

1

It is a comprehensive/ master list of businesses and companies operating in Malaysia

2

Basic pillar in the system of Economic Statistics which facilitate the collection, interpretation and dissemination of data

3

The entities are standardized according to the operational frame and definition of appropriate unit

As a source of information for analysis of the business population and its business demography

As a tool for the preparation and coordination of surveys

As a tool for mobilisation of administrative data

For the detection and construction of statistical units

As an integration and dissemination tool

Roles of MSBR

Source/Maintenance of MSBR

Administrative sources

•Updating based on censuses or surveys

- Central agencies such as Companies Commission of Malaysia (CCM), Employees Provident Funds (EPF) etc.
- Non-central source is controlled at the state level such as local authorities/councils.

•QIS is conducted in order to gather information from the establishments that are not selected during any censuses or surveys by DOSM

Statistical sources

Quality Improvement Screening (QIS)
